**NARRATIVE**

Once the bar closed at 3:00 AM on 02/19/2012, the victim went outside to smoke a cigarette. The suspect followed her outside and attempted to grab and kiss the victim. She resisted his advances and stated that she had a boyfriend and the suspect was married. The suspect ceased his advances and returned to the bar.

When the victim returned to the bar, two other employees, only identified as \_\_\_\_\_ were walking out of the door. They stated they were going to get cigarettes at a nearby gas station. This left the victim and suspect alone in the bar.

Once alone, the suspect approached the victim and told her that since it was Mardi Gras, she had to show him her breasts. The victim refused. The suspect then pushed the victim against a wall, pulled her shirt up, and put his hand down her pants and underwear. The victim was telling the suspect to stop while he responded with phrases such as "Tell me you love me", and "Hush. No one needs to know." The victim is unsure if the suspect penetrated her vagina with his hand because she was struggling.

The victim was able to free herself and attempted to flee from the suspect. He was able to catch her as she continued to struggle and tell the suspect to stop. During the struggle, the suspect rubbed the victim's face with the hand he had down her pants and tried to put his fingers in her mouth. The suspect was able to eventually pin the victim against the bar with her front facing the bar and her back facing the suspect. She felt the suspect trying to pull down her pants and underwear as she continued to struggle. Before he was able to pull down her pants, \_\_\_\_\_ returned from the gas station. This caused the suspect to let go of the victim. She was able to run down to the end of the bar and straighten her disheveled pants. She looked back at the suspect and noticed his pants around his ankles. She did not see the suspect's penis due to the length of his t-shirt.

As the victim was composing herself, the suspect grabbed her by the arm and told her that she was going upstairs with him. She refused and was dragged to a stairwell landing by the suspect. Once at the landing, the suspect tossed her over his shoulder and carried her up the stairs. At the top of the stairs, the suspect put the victim on a table top. While on the table, \_\_\_\_\_ appeared in the room and inquired what the commotion was about. The suspect replied nothing was wrong and allowed the victim to flee back downstairs to the bar. The suspect remained upstairs.

Once downstairs, \_\_\_\_\_ told the victim that it looked like she needed help. The victim replied that the suspect was getting "handsy". The victim remained at the bar since she felt she was unable to drive due to her alcohol consumption. She eventually thought she heard the suspect coming down the stairs and became afraid. She grabbed her keys, fled the bar, and went back to her residence.

The victim did not report the incident until her sister observed bruises on her arms where the suspect grabbed her. The victim was convinced to contact SART,
